

"KELHAM CABIN BUILDERS"

February 1, 1936

We the undersigned, the appointed committee of Kelham Ave. Baptist Church, of the Falls Creek Cabin, make the following report: We made the trip to Falls Creek January 18th. and looked over the assembly grounds for a site to build a cabin on and our selection is section No. 4, lot No. 11, size 50x100 feet, north west of the Tabernacle two blocks. ~~\$\$\$~~ We recommend a building to be built of stone which is the best and also the cheapest type of building that can be built on the Assembly grounds. The building shall be two stories high and 32 x 48 feet in size, the cost will be approximately \$1200.00 and will be built according to the blue print made, and has been in the Church Vestibule the past week.
